HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid ex ract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of weak otherwise without disease, and both became infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparties a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your 'Constitution Renovator' sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores since I used two bottles I am well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5 Please send me a supply. Two families here want to try your Constitution Renovator"

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and per fect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired object has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

The Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county no family that uses this light for one evening will again be annoyed with the chimney-lamps thousands of them will be used in cities, as this light is one half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman-like manner for those desiring them.

There are now 450 of these Mills in operation, and in no case have they failed to give entire satisfaction One advantage of this Mill is, that the sawyer, without changing his position, gives the log forward and returns motion to the carriage, with a single lever; and set the log at both ends at the same time, *this is a saving of one hand in the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles south of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at I ynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

MR P. J. WRAY, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut of the 14 in. log deep, 20 feet long, in 45 seconds, with my 12 feet overshot wheel We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. AD. RIDGE FARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, FEBRUARY 5, 1870.

ORANGE COURT.

Judge Tourgee opened this Court on Tuesday, he reported the sickness of his wife as an excuse for non-attendance on Monday, but no one believed him. Since he retired behind the Speaker's desk with Heaton and Sweet to concoct a fraud upon the people, no man will believe him, even when he tells the truth. In fact, before that memorable occasion, he had lost all character as a truthful man, on account of the Philadelphia speech, in which he declared "a respectable Quaker told him he saw fifteen dead bodies of freedmen taken from the mill pond, where they had been put by rebels."

Senator Sweet, it is true, on the floor of the Senate after the Philadelphia speech, testified to Tourgee's character as a man of veracity. But that's nothing. If Tourgee is a man of truth, then Sweet and Heaton are unmitigated scamps, who would not hesitate to commit a fraud.

There was a large attendance of the people on Monday, and even the negroes talked about one man calling out so many from work to attend Court and not attending himself. This Ohio scape-grace has seldom opened Court on Monday of Court, and often hurries through the docket to attend to his duties as Code Commissioner or political manager.

Tuesday, the Grand Jury were charged, and not a word about Ku Klux.—The Judge said there was but one case which he would give them in special charge, and that was the murder of Bralock.—This ex President of a secret society, seems to have quit hunting the members of another secret society, perhaps he begins to think he may find them. We hear he wrote a friend asking if it was safe for him to come to Orange to hold Court!

There were more people out on Tuesday than we have seen at Hillsboro for many years; attracted, no doubt, by the number of criminals of the league who will be put on trial during the term.

There were two Conservative candidates to fill the vacancy created by the resignation of Dr. Allison, to wit, F. N. Strudwick and Harvey Hughes. By arrangement between the candidates, Mr. Hughes withdrew his name as a candidate and leaves the field to Mr. S. alone. Mr. Strudwick is a young man not much known, except to the people of Orange. He has talent and attainments which will soon make him known to the people of the State, when he comes to his seat in the Legislature.

Mr. Strudwick spoke on Tuesday, announcing himself a candidate; his style is forcible and commanding, and could not be criticised by Yates without making the critic hypocritical.

Mr. Jones Watson, one of the county Commissioners, followed, giving some account of county matters. Mr. John W. Kirkland followed Mr. Watson. Mr. K. is also a Commissioner, and confined his remarks entirely to county finances.

The editor of the SENTINEL was then called out and made a few remarks upon the necessity of composting, and removing the thieves from the Capitol.

On Tuesday, Jimmy Green and Jane Davis were arraigned for the murder of Green Smith, the husband of Jimmy. Jane Davis assisted in burying the deceased. They were both convicted; we learn the verdict was set aside in the case of Jane Davis and a new trial granted. Humanity shudders at the hanging of a woman more than at that of a man. We hope the Judge may be able to sustain himself better in setting aside this verdict, than in the case of Dennis Hanes.

The murder of which the women were convicted occurred eighteen months ago.—John Smith was hanged and Nero Davis sentenced to the penitentiary for life for their participation in the same murder.

The two women made good their escape from Orange jail and were recently re-arrested in Halifax county.

On Wednesday Dan Morrow was put upon his trial for arson, in the burning several barns. Thursday night the jury had not rendered a verdict. The ku klux hung Nelson and Jeff Morrow, and shot Wash Morrow, for burning three several barns, the same for which Dan was tried. Bob Green of Caswell, Tom Young of Granville, and Henry Maloy, *alias* John Patterson, *alias* Jo Lutterloh, were to be arraigned on Friday for the murder of Bralock.

John Ledbetter, of Henderson county, created more talk on the Court green than all of these horrid murderers; owing to the fact that John bears the great seal of State about him, like Bill Huskey and other thieving friends of the Governor.—If John is convicted, will the ex-President of the League, Tourgee, set the verdict aside? If not, will the Governor pardon him again? These were the questions discussed in connection with Ledbetter's case. With such Executive, Legislative, and Judicial departments of government, is it to be wondered at, that fraud, larceny, arson, rape and murder, are of constant and daily occurrence in the land? Make Tourgee execute the law, Governor, and do you discontinue your shameless, vile abuse of Executive clemency, and you will have no need of Shoffner's bill.

AN EYE TO THE MAIN CHANCE.—When the bill to amend the act of 1855, creating one million of preferred stock in the N. C. Railroad Company, was under consideration in the Senate, yesterday, Stephens, (the Chicken man) moved "That the first dividend declared by the Road shall be appropriated to the payment of the *per diem* of the members of the General Assembly."

Who cares for Common Schools? Take all the proceeds of State stocks, and the stocks, too, if requisite to pay the "hands," who cares? Not Stephens! He always keeps an eye to the main chance.

RICHEST MAN IN THE STATE.

Why do brokers and bankers speak of Governor Holden as the richest man in the State? What legitimate means has he of making money, except by his salary as Governor? Pike has never answered the question, Does the Governor own any of the eight per cent North Carolina Rail Road bonds, bought by the "Ring" at 65, and now worth par? Come, Pike, when we charged the Governor with writing for the *Standard* he authorized you to say "he had no time to write for the *Standard*." Now let him authorize you to say he never owned any of these bonds. We have heard that he did own some of these bonds; it is true there is nothing in the new constitution against it, but we tell his Excellency that Governor Reid of Florida is no proper example for the Executive of North Carolina to follow.

The Legislature of North Carolina.

The Senate was called to order at 10 o'clock.

THIRD READING OF BILLS.

Bill authorizing the Secretary of State to furnish county officers with Blank Books and Dockets: Passed.

Bill to compel persons to work on Public Roads. [This bill requires all able bodied persons between the ages of 18 and 45 years, who are liable to work on Public Roads, and wilfully refuse to do so, after having been notified according to law, shall be guilty of a misdemeanor and fined or imprisoned at the discretion of the Court before whom it is tried. The Justices of the Peace shall have jurisdiction in all cases arising under this act.]

Mr. Forkner, moved to lay the bill on the table: Lost.

Mr. Moore, of Carteret, moved to amend the title as follows. "Bill to compel poor men to keep up the Public Roads." Lost.

Mr. McLaughlin moved to strike out 18 years of age and insert 21, which was adopted.

Mr. Moore, of Carteret, moved to amend the 1st section by the addition of the following proviso. *Provided*, That no person owning less than $500 worth of property shall be required to work over two days on the Road in any one year, which was voted down.

Mr. Love moved to strike out 21 years of age and insert "18 years and 1 day" so as to read between the ages of 18 years and 1 day and 45.

The question was divided, 21 was stricken out and the blank was filled by inserting 18 years and 1 day.

A. H. Galloway, col. moved the indefinite postponement of the bill, which was voted down, and the bill passed.

SPECIAL ORDER.

Bill relating to the bonds issued to Rail Roads in 1868 and 1869.

WHEREAS, The Constitution of North Carolina, Article eight, section first, reserves to the General Assembly the right "to alter or repeal all general laws or special acts" of incorporation; and whereas, the people of the State (believe the several acts of Rail Road incorporation to have been hastily and inconsiderately made without sufficiently guarding the interests of the State, and as they) express manifest discontent under the burdens of taxation imposed upon them for the payment of interest on the bonds that have been sold at an extremely depreciated price, or on bonds that are in the hands of Rail Road officials, and without benefit to the State; therefore.

SECTION 1. *The General Assembly of North Carolina do enact*, That the several Treasurers of those Rail Road Companies to whose Presidents bonds of the State have been issued under ordinance of the Convention of eighteen hundred and sixty-eight, or acts of the General Assembly of eighteen hundred and sixty-eight and eighteen hundred and sixty nine, or have been turned over to said Presidents by their predecessors, be required to deposit with the Treasurer of the State an extract, sworn to from their books showing the amount paid over to the Company as the proceeds of the sale of said bonds, or portions of said bonds, and the Treasurer may require the exhibition of the books of the Company in proof of the statement, and that the price thus shown to have been received for those bonds shall be the value that shall govern the Treasurer of the State in executing the provisions of this act.

SEC. 2. That the Treasurer be forbidden to issue to such Railroad Companies any bonds authorized but not yet issued; that he further be forbidden to pay interest on the bonds issued or sold on more than the amount realized from them, and that he shall never pay of the principal when due more than what was realized for them when sold, as for instance, if a one thousand dollar bond only realized two hundred dollars, interest shall only be paid on two hundred dollars, and that when such bond of one thousand dollars matures only a principal of two hundred dollars shall be paid for his redemption, and that it shall be lawful for persons holding such bonds to return them to the Treasurer with proper authentication of what was realized for them, and when presented so as to amount to the sum of one thousand dollars, the Treasurer shall issue new bonds to them to the amount of their value, bearing six per cent interest, and payable as before.

SEC. 3. That all Railroad Companies, or their officers specified above, are hereby forbidden to sell any bonds yet in their possession, until authorized by future legislation, but shall return them to the Treasurer of the State, who shall receipt for them; but if any bonds be sold in violation of this act, the Treasurer of the State is forbidden ever to pay principal or interest on such bonds.

SEC. 4. This act shall be in force from and after its ratification.

On motion of Mr. Welker, the preamble of the bill was amended by striking out all after the word "State" in the 4 h line to the word "expend" in the 7th line.

This bill was discussed at some length Messrs. Blythe, Sweet and Hayes spoke in opposition to it, and

Mr. Welker urged its adoption.

Mr. Sweet moved to strike out the preamble, which was voted down, those who voted in the affirmative are Messrs. Blythe, Colgrove, Cook, Forkner, Hayes, Hyman, (col.) Lassiter, Martindale, Moore, of Carteret, Moore, of Yancey, Smith and Sweet—13.

Mr. Forkner moved to amend the bill by adding the following proviso.

Provided, That the provisions of this act shall apply to the old bonds as well as to the new, and not more than the face of the bonds shall be paid in any event, which was voted down, those who voted in the affirmative are

Messrs. Beeman, Blythe, Colgrove, Cook, Davis, Forkner, Hayes, Hyman, col. Martindale, Moore, of Carteret, Moore, of Yancey, Respass, Shoffner, Smith, Stephens and Sweet—16.

Mr. Sweet in explanation of his vote on Mr. F's amendment, said he should vote in the affirmative, on the principal that if you are going to be a rogue be a big rogue.

Mr. Welker called the previous question, which was sustained, and the bill passed its third reading by the following vote:

AYES.—Messrs. Barnes, Beall, Beeman, Bellamy, Brogden, Burns, Cherry, Cook, Davis, Harrington, Hawkins, Jones, of Mecklenburg, Lindsay, Long, Mason, Melchor, McLaughlin, Murphy, Respass, Robbins, Shoffner, Welker, Whiteside and Winstead—24.

NAYS.—Messrs. Blythe, Colgrove, Forkner, Galloway, col. Hayes, Hyman, col. Jones, of Columbus, Lassiter, Martindale, Moore, of Carteret, Moore, of Yancey, Smith, Stephens, and Sweet—14.

Mr. Forkner arose to a question of privilege and said he should enter his protest against the passage of the bill, he desired to say also that he was a member of the National Republican party of the United States but did not belong to the party of Republicans who had signified by their vote in favor of the bill just passed, that they were in favor of repudiation.

Mr. Blythe said he endorsed what the Senator from Surry had just said, he was opposed to repudiation, but when Republicans repudiate that which is of vital interest to the people of his section, he should take the stump and advocate the wiping out of the whole indebtedness at one stroke.

Mr. Lindsay, said he desired to congratulate the true Republican party of North Carolina, in this important triumph over those men who pretended and claimed to belong to the Grand National Republican party.

Mr. Forkner, said he felt that the insinuations thrown out by the Senator from Rockingham were intended for him personally, and desired to explain his true position. He belonged to the National Republican party, because, that party went into the campaign last fall for President of the United States on the platform of non-repudiation, and the Democrats went into the campaign advocating repudition, he was opposed to repudiation either in the national or State government.

Mr. Barnes, said that the Senator from Craven (Mr. Sweet,) in his remarks alluded to the passage of the bill as a victory or jubilee of the Democrats, he desired to know if the Senator from Henderson and Senator from Surry repudiated their party for the purpose of coming over. If so, the Democrats did not look upon it as a victory.

Mr. Forkner, said he desired to be understood as repudiating any party, or set of men, who were in favor of repudiating one dollar of North Carolina's just debt.

Mr. Jones, of Mecklenburg, said he desired to remind Senators that they were not at a party caucus.

Mr. Davis and other Senators indulged in a few remarks in relation to this subject, at the close of which the third reading of bills was resumed.

Bill to make the office of Superior Court Clerk in the City of Wilmington, a salaried officer, passed.

Bill to provide for the redemption of real estate sold under execution, passed.

Bill to authorize the Superintendent of Public Works, to sell the State's interest in the Fayetteville and Warsaw Plank Road, passed.

Bill to amend and continue in force an act suspending the code of civil procedure in certain cases, ratified March 22nd 1869. Passed.

Bill to amend an act passed 1855 creating one million of preferred stock in the North Carolina Railroad Company.

Mr. Stephens moved to amend the bill by adding the following proviso, *Provided*, that the first dividend declared by the Road shall be appropriated to the payment of the *per diem* of members of the General Assembly.

The Chair ruled that the amendment was improper, consequently out of order.

A. H. Galloway, col., moved to lay the bill on the table. Voted down.

Mr. Stephens moved the indefinite postponement of the bill.

Pending its consideration the Senate adjourned.

HOUSE OF REPRESENTATIVES.

FRIDAY, Feb. 4, 1870.

House called to order at the usual hour.

Leave of absence was granted to Messrs. Ellington and Boddie.

REPORT OF COMMITTEES.

Mr. French for the Committee on Education, reported upon several bills, which were placed on the Calendar.

RESOLUTIONS AND BILLS.

By Mr. Painter: A resolution instructing the Finance Committee to inquire into each of the official departments of the State, to ascertain what clerical aid is necessary to each of said departments. Lies over.

By Wilson Carey, col.: A bill to amend sec. 37 of the Revenue act. Referred.

By Thos. Sykes, col.: A bill in favor of J. L. Wood. Referred.

By Mr. Proctor: A bill to repeal the ordinance creating the Code Commission.—Lies over.

Mr. Dixon, for Committee on Claims, reported favorably on the resolution allowing actual expenses to the Committee appointed to investigate the affairs of the Albemarle and Chesapeake Canal. Placed on the Calendar.

By G. W. Price: A bill to incorporate the Cape Fear Building Association. Referred.

By Mr. Justus: A bill to amend the charter of the town of Hendersonville. Lies over.

Mr. Seymour, for Judiciary Committee, reported on various bills which were placed on the calendar.

Mr. Pou arose to a question of privilege. He said a resolution was passed by the House, authorizing him as chairman of the Committee of the Whole, to summon Messrs. Littlefield and Swepson by telegraph to appear before said Committee.—He did not know the whereabouts of either of the gentlemen, and asked information on the subject of any person who might have it, in order that he might be able to obey the requirements of the resolution, &c.

UNFINISHED BUSINESS.

Bill to re-endow the University. (Published.)

The question recurred upon Mr. Seymour's amendment to Mr. Hodnett's amendment.

Mr. Seymour withdrew his amendment to the amendment, and offered the following substitute for Mr. Hodnett's amendment:

That the dividends and profits arising from 8,000 shares of the stocks of the State in the N. C. Railroad Company be annually applied to the support of free schools.

Mr. Durham spoke at length against the substitute, and argued to show that the original bill was not only in violation of the charter of the Company, but it amounted to nothing more or less than levying a special tax of $400,000 upon the people of the State to support the University.

The dividends and profits arising from the capital stock of the State in the N. C. Road were, by the charter of that Road, pledged to the payment of the interest of the bonds issued to build the Road and the stock was pledged to pay the bonds at maturity, &c.

Mr. Pou moved to refer to the Committee on the Judiciary and make special order for Tuesday.

Mr. Vestal moved to lay the whole matter on the table.

Upon the motion to table the yeas and nays were called and the House rejected the motion by the following ballot:

YEAS.—Messrs. Argo, Armstrong, Banner, Carson, Clayton, Davis, Durham, Farrow, Ferebee, Gatling, Gibson, Grier, Gunter, Hawkins, Hendricks, Hicks, Hilliard, Humphries, Jarvis, Justice, of Rutherford, Kelly, of Davie, McCanless, McMillan, Moore, of Alamance, Nicholson, Painter, Proffitt, Robbinson, Siegrist, Smith, of Alleghany, Stevens, Thompson, Vestal, Vest, Welch and Williams, of Harnett—36.

NAYS.—Messrs. Bowman, Carey, Cherry, Dixon, Downing, Ellington, French, Gahagen, Gilbert, Graham, Harris, of Wake, Hayes, Hinsent, Hodgin, Hodnett, Horney, Hudgings, Ingram, Justus, of Henderson, Kelly, of Moore, Kinney, Long, of Richmond, Mayo, Mendenhall, Moore, of Chowan, Morrill, Morris, Pearson, Peck, Pou, Price, Proctor, Ragland, Robbins, Reynolds, Seymour, Sinclair, Simonds, Snipes, Stanton, Sweat, Sykes, White and Wilson—44.

Mr. Welch moved to indefinitely postpone the matter and in support of his motion spoke at length.

He concurred with Mr. Durham that the Legislature had no right to appropriate this stock and that such appropriation would necessarily result in a direct special tax of $400,000 upon the people of the State &c.

Mr. W. occupied the floor for sometime in urging various arguments against the whole measure.

Mr. French opposed the motion to indefinitely postpone and urged the passage of the bill.

Mr. Justice opposed the motion to indefinitely postpone and wished to have the matter referred to the Judiciary Committee.

Mr. Moore of Chowan favored reference to the Judiciary Committee.

Mr. Downing also favored the motion.

J. Leary, col., argued in favor of the motion to refer.

The motion to indefinitely postpone being put to a vote was rejected by the following ballot:

YEAS.—Messrs. Ames, Argo, Armstrong, Banner, Boddie, Carson, Clayton, Davis, Davidson, Durham, Farrow, Ferebee, Franklin, Gatling, Gibson, Grier, Gunter, Harris, of Franklin, Hawkins, Hicks, Hinsant, Humphries, Jarvis, McMillan, Nicholson, Painter, Proffitt, Robinson, Siegrist, Smith, of Alleghany, Thompson, Vestal, Vest, Welch and Williams, of Harnett—33.

NAYS.—Messrs. Barnett, Bowman, Carey, Cawthorn, Downing, Eagles, French, Gahagan, Gilbert, Graham, Harris, of Wake, Hayes, Hodgin, Hodnett, Horney, Hudgings, Ingram, Justice, of Rutherford, Kelly, of Davie, Long, of Chatham, Long of Richmond, Mayo, McCanless, Mendenhall, Moore, of Chowan, Morrill, Morris, Pearson, Pou, Price, Proctor, Robbins, Reynolds, Seymour, Sinclair, Simonds, Snipes, Stevens, Sweat, Sykes, Waldrop, White and Wilson—47.

The motion to refer to the Committee on Judiciary was then adopted.

A message was received from the Governor, transmitting a statement of names, crimes, &c., of pardoned convicts. Ordered to be printed.

By G. W. Price, col.: A bill concerning Inspectors. Referred.

On motion of Mr. Humphries, the rules were suspended, and the bill to protect fish in the waters of North Carolina, was taken up, and on motion of Mr. Moore, of Chowan, indefinitely postponed.

SPECIAL ORDER.

Mr. Argo's resolution raising a committee to investigate the condition and affairs of the University of N. C., and its management since its reorganization.

Mr. Argo spoke for sometime in support of his resolution. He occupied a greater part of the time in showing the incompetency and mismanagement on the part of the President and Faculty, and the manner in which the institution had been degraded by the bitterest partisan displays, by all the present faculty and officers.

The question recurred upon the amendment offered by Mr. Moore, of Chowan, restricting the investigation to the management of the property of the University.

Mr. Moore took the floor in support of his amendment, &c., &c.

Mr. Seymour moved to lay the whole matter on the table.

The yeas and nays being called, the motion prevailed by the following ballot:

YEAS.—Messrs. Ames, Banner, Blair, Bowman, Carey, Cherry, Crawford, Dixon, Downing, Eagles, Ellington, French, Gahagan, Gilbert, Graham, Harris, of Wake, Hayes, Hodgin, Kelly, of Moore, Kinney, Leary, Long, of Richmond, McCanless, Mendenhall, Moore, of Chowan, Morrill, Morris, Pearson, Proctor, Robbins, Reynolds, Seymour, Sinclair, Simonds, Stevens, Sweat, Sykes, Vest, White, and Wilson—42.

NAYS.—Messrs. Argo, Armstrong, Boddie, Carson, Clayton, Davis, Davidson, Durham, Ferebee, Gatling, Gibson, Grier, Gunter, Hawkins, Hicks, Hodnett, Humphries, Ingram, Justice, of Rutherford, Kelly, of Davie, Long, of Chatham, Mayo, McMillan, Moore, of Alamance, Nicholson, Painter, Pou, Proffitt, Robinson, Siegrist, Smith, of Alleghany, Snipes, Thompson, and Williams, of Harnett.—35.

By Mr. Gatling: A bill to authorize the Public Treasurer to pay to the Attorney General such sums as may be required to conduct a suit against the Albemarle and Chesapeake Canal Company, (money to be paid on the affidavit of the Attorney General as to its necessity.)

Mr. Gatling after explaining the object and necessity of the bill, moved the suspension of the rules in order to consider the bill at once. Carried.

Pending further business the House adjourned.

NOTE.—In reporting the remarks of Mr. French, on the University bill, Thursday, an error was made. He said he was in favor of a *separate* department for colored students at Chapel Hill, of some other point, and he did not believe that the colored people desired mixed schools or colleges.

ARREST OF AN ESCAPED CRIMINAL.—Ann Rocks, colored, charged with the murder of the Rev. T. B. Rocks' child, during the late war, and who escaped from jail in 1865, was re-arrested on Thursday night last by Officer Shearin at the residence of J. B. Jones, Esq., in Sandy Creek Township, where she was employed as a cook. She was committed by Justice B. D. Williams to the city calaboose under guard, to await the February term of the Superior Court for trial.—*Warrenton Gazette.*

[Reported expressly for the SENTINEL by the Deputy Clerk of Supreme Court.]

A NEW DISCOVERY!!

PHALON'S "VITALIA;" OR, Salvation for the Hair.

CLEAR AS WATER!

WITHOUT SEDIMENT!!!

OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜ is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

New Ads.—Messrs. Upchurch and Dodd, corner of Wilmington and Martin streets, announce a large stock fresh and desirable groceries, &c.

Auction at Towles' at half after ten this morning, as usual; many desirable articles, among them some fat shoats, to be sold.

A fine young stallion for sale near Wilson.

We call attention to the notice of a young lady desiring a situation as Teacher or Governess.

An old Piece of Money.—We were shown yesterday, by a friend, a piece of Spanish coin ten years older than the one noticed by an exchange, a few days ago. The coin, as we have said, is Spanish, milled in the reign of Charles III, and bears date 1710, consequently it is now 160 years old. It is worth, we judge, about 25 cents. If its history from the day it came bright from the mint, down to the time it last went for lager beer, could be written, it would form a volume of wonderful incidents; a history of strange ups and downs.

The Raleigh Baptist Church.—We have been requested by the officers of this Church to say to the public, that while their pews have been rented, the pew-holders have agreed to extend a cordial invitation to all who may wish to attend this Church to use their pews at pleasure, so that virtually the seats are free. Besides this, polite ushers will always be at the door to show any one who has not a pew, to a comfitable seat. All are invited to come to this Church, and may be sure of a hearty welcome.

Wanted immediately, about four hundred and twenty boys, black and white, big and little, old and young, to undertake to sing, hum, whistle and otherwise render, the new and beautiful melody of "Shoo Fly!" They will be expected to begin early in the morning, and continue until late in the evening, to all parts of the city wherever business or idleness may take them. For compensation, apply to the nervous old ladies and gentlemen, whose rooms or residences are contiguous to the thoroughfares, who will probably bestow a rich reward on the performers in the shape of a solemn blessing.

Pay Up.—Those who have heretofore subscribed for the benefit of the Fire Department of Raleigh, are requested to pay in their subscriptions to either of the banks of the city, stating also, to what particular purpose they may wish their subscription applied. If we are to have an efficient Fire Department, it is high time more effectual steps were taken to organize. There is no lack of men, and property holders must supply the means. Every property holder of the city, and every Insurance Company is interested in the matter—will they toe the mark of duty in regard to it?

We have tried to find some way to publish newspapers without expense, and have failed. We desired it in order to be able to have plenty of papers to give away, without subjecting ourself to such enormous loss, but do what we will, we can't escape having to pay the paper makers and type setters and clerks and telegraph company, all of whom absolutely refuse to furnish material and do the work necessary to the publication of a paper, without being paid. We are therefore compelled to say, as a general thing, that we have to *sell* instead of *give* papers, when we have them "to expose of," in order to meet the claim for *contingencies*.

Cruel.—Riggs of the *Southerner* is "cheered" to see the editor of the *Carolinian* "slowly" recovering from his many ills.

Gin House Burned.—The Gin house, together with two fine gins 1,000 or 1,500 bushels corn and 5,000 bushels cotton seed, belonging to Col. C. W. Smith, of Edgecombe, was burned on Monday night last; loss $5,000 exclusive of building.

To Freemasons.—We publish to-day a short prospectus of "The Freemason," edited and published by Geo. Frank Gouley, St. Louis, Missouri. As we have no Masonic Magazine published in this State, we cheerfully recommend this work to the fraternity as one well worthy their patronage, and just the thing for any one who wishes to keep posted in the Masonic history and literature of the day.

R. M. College.—We are indebted to the committee of invitation for a ticket to the Anniversary Celebration of the Washington Society of Randolph Macon College, on the 22nd inst., at 7½ o'clock, P. M., *Eulogist*, Charles Carroll of N. C., *First Orator*, T. M. Atkinson, of N. C., *Second Orator*, H. M. Hope, of Va.

While our dear old University lies languishing under political partisan management, with forty children, a large portion of whom wear their trousers buttoned to their jackets, our promising young men are driven from the State as it were, to find advantages they ought to have offered them at home. Shame! Shame!

NATIONAL
LIFE INSURANCE COMPANY
OF THE
UNITED STATES OF AMERICA.

THIS COMPANY DURING THE 17 MONTHS OF ITS EXISTENCE

HAS ISSUED

9,000 POLICES,

COVERING ABOUT,

$24,000,000 INSURANCE.

The extraordinary rapid progress of the Company attests the estimation in which it is held by the public, and the large amount of new business transacted is the best evidence of the popularity of its principles, and its adaptability to meet the requirements of Assurers.

By reason of its National Charter, its large Capital, its Low Rates of Premium, its Clear and Definite Contracts, its Liberal Policies, its Non-Forfeiting Features, the impossibility of its being misunderstood or misrepresented, its new and attractive tables, &c., &c., offers the most desirable means of insuring life yet presented to the public.

It is organized under a perpetual charter granted by a special Act of Congress, and is what is known as a Stock Company; that is, there are stockholders who have paid into the treasury of the Company $1,000,000 cash capital, to guarantee to the policy holders the entire safety of their insurance.

And besides, by Article 9th of the Charter, the investments of the Company are carefully restricted, as the following extracts will show:—

"The premium reserve, or re-insurance fund, shall be invested in, or loaned upon, the following securities, and no other:

"1st. The real estate, as herein described.

"2d. Bonds and mortgages on unencumbered real estate, worth, in each case, at least double the amount loaned.

"3d. Stocks of the United States of America.

"4th. Stocks of the several States, and of incorporated cities therein."

So that the policy-holder is fully protected against investments in other than the best securities.

As an evidence of the equity practiced by this Company; suppose, after having paid premiums for five or ten years, a man unexpectedly finds himself in want of a certain sum of money; the Company is willing to buy his policy and give a fair value for it, but he does not wish to sacrifice it to meet a temporary embarrassment, if he can otherwise raise the sum of money required. To enable him to do so, the Company is authorized to issue and attach to its policies a certificate giving the cash value of all premiums paid, and agreeing to buy the policy of the holder at the valuation during some stated period. This certificate, when accompanied by the policy duly assigned, is negotiable, and conveys perfect title to the party in whose favor the certificate is issued.

Solicitors for leading companies place an undue importance upon future *supposed* dividends, as will be seen by the following official declaration made by two of the most popular Mutual Companies.

One Company in alluding to dividends, says: "These results are not to be taken as guarantees or promises for the future, *as we can scarcely hope for a long continuance of such favorable conditions*."

Another Company alluding to participating Policies—"In this connection we would caution our agents, and all who contemplate insurance, against the error of expecting too much in the way of dividends, many sources of surplus, have, by many causes been cut off."

In this Company the advantages promised by Mutual Companies in the future, are gained at once in the table of low rates, affording a larger result for the same amount paid, which is made certain by the contract of Insurance being definite and absolute.

The experience of the living is, that it *prolongs* life, because it banishes from our minds a great and consuming care. The testimony of the *dying* is, that it robs Death of a large share of its horrors, because it leaves the dear ones at home financially independent. The shrewdest and most successful financiers that our city or nation can boast of are carrying policies to the amount of $25,000, $50,000, $100,000, and even more. The names of policy-holders carrying $5,000, and $10,000 polices would make an imposing list.

A Boston statistician familiar with local facts asserts, that during thirty years only three out of one hundred merchants in that city have acquired an independence, while only five out of one hundred merchants on Long Wharf, between 1800 and 1840, escaped from total wreck of fortune.

The business of men engaged in mercantile and commercial life in other cities, would be found upon investigation equally hazardous. Hence, no man, while his fortune depends upon the caprice and hazard of active business, can afford to neglect the duty of providing a certainty for a family that might otherwise be left destitute, while he has health and the means to secure it.

It may be NOW OR NEVER.

When, therefore, the future well-being of our families or dependent friends for whom we are, or ought to be, solicitous, may be provided for at a small cost by a Policy of Life Insurance, it becomes a moral obligation to make this provision in the amount commensurate with our means.

This is not fiction, but fact—a stubborn reality.

But to the discerning and intelligent public the benefits, advantages, and duty of Life Insurance are so clearly apparent that further comments are unnecessary.

The following illustrations are conclusive evidence of the superiority of Life Insurance over every other kind of investment.

By referring to the annexed table it will be seen that if death overtakes the assured within twelve months subsequent to the date of his Policy, that the person or persons to whom such Policy is payable would receive $10,000 00, he having *paid* but $165 50, which sum placed at interest for the entire first year would amount to $175 43, a clear investment of five thousand six hundred *per cent.*, and thus by the annual payment of the first named sum ($165 50), until the twenty-fourth year, the investment would prove to be *twelve* per cent better than that obtained through Saving Banks.

If Life Assurance was a mystery of finance, a speculation, a lottery or venture, a substitute for industry and frugality or in any way a presumptuous distrust of Divine Providence, a good man might well shrink from it. But if it be founded upon sound principles; if it deals not in uncertainties, but with sober and carefully ascertained facts, regulated by natural laws, and is as conformable to scientific truths as is any ordinary business of the mechanic, the merchant, the farmer, then there can be no just cruples at life Assurance, and it becomes a matter of prudence, and thus of duty. Once the question was, can a Christian man rightfully seek Life Assurance? That day is past. Now, the question is, can a Christian man justify himself in neglecting such a duty?

Your affairs may become involved, and your property be taken for debt. Your stocks and shares may fall in value. But a thousand dollars assured upon your life cannot be taken for debt; cannot be alienated from your heirs; and if you have chosen your company discreetly, is subject to no commercial risk. It is as nearly sure as any thing earthly can well be.—*Henry Ward Beecher.*

The next table is a calculation similar to the above, only upon the Return Premium Life Plan.

This particular mode of insurance costs the policy-holder nothing more nor less than the *interest* upon his annual premiums.

Being insured upon this plan, and dying the first year, the investment would reach three thousand six hundred and fifty-seven per cent., whereas, if he survived until the twenty fourth year and then die, *sixteen* per cent., over a Savings Bank investment would be realized.

In explanation of the following table, suppose a man to have $10,000 00 invested in seven per cent. securities bearing an annual income of $700 00.

At the age of thirty this would procure at once upon the Return Premium Life Plan $27,884 00 Life Insurance, which together with principle, makes an estate of $37,884 00, in case of early death. If life continues, the assured is receiving annually additions to his Policy equal to the full amount of Premiums paid to the Company, so that if his life was spared until the twenty-fourth year, his Policy would have increased to $43,984 00. By adding the $10,000 00 originally invested he has a *solid estate* of $53,984 00, $43,984 00 of which is realized by his investment in a Policy issued by this Company.

A Policy of Life Assurance is the cheapest and safest mode of making a certain provision for one's family. It is a strange anomaly that men should be careful to insure their houses, their furniture, their ships, their merchandise, and yet neglect to insure their lives, surely the most important of all to their families, and far more subject to loss.—*Benjamin Franklin.*

Since manhood reached me, I have kept on my life, a perpetual insurance; and I think my duty to those dependent upon me would be undischarged if it were not so.—*Bishop Hawks.*

Life Insurance confers on the world a mixed benefit. It stimulates and encourages habits of prudence and self-denial; presents the ready means for putting them in practice; assists in providing for the widow and orphan; for sickness and old age; and gives meanwhile a feeling of confidence, security, and independence. These would be works for the philanthropist, if they were not, as happily they are, the labors of the man of business.—*J. R. McCulloch.*

This duty (Life Insurance), in relieving the mind from care for others to whom we owe the forethought of affection, often relieves the body of many a gnawing pain, and sometime; to the suprise of the most experienced physician, prolongs life itself.—*Bulwer.*

We earnestly invite all who may be interested in the subject of Life Insurance, by the perusal of this circular, to call at any of our offices, or apply through our agents, for such further information as they may desire, when their applications will be placed on file for policies on either of the plans, Ordinary Life, Return Premium Life, or Endowment.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from the use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with metal seal we warrant. Be sure and get none but the genuine article, Pratt's "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

5th. No restrictions of Residence, Travel or occupation.
6th. It is a Mutual insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, thus reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Policies of insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. D. W. COURTS, — " Solicitor.
DR. R. BURKE HAYWOOD, — Examining Physician.
Gen'l. S. B. BUCKNER, — Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it to the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP.) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and unbridled business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may pass and repass the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,18
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 389 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
